Power Supply

The CORSAIR VS Series combines stable 80 PLUS efficiency power and an affordable price from the world's most trusted name in PC power supplies. Black cables, cable sleeves and connectors make it easy to build a great looking PC, while it's super-compact 125mm deep housing fits in almost any modern PC case for maximum compatibility. With a large 120mm fan that's tuned for quiet operation across a wide range of loads and a 3-year warranty for total piece of mind, the CORSAIR VS Series is the essential PSU for PC builders, enthusiasts and gamers.
